

Do your conflict of interest policies apply to students, residents, and faculty while they rotate/work at outside hospitals/clinics?

Yes

Do the policies also apply to private clinician offices that trainees may rotate through?

Yes

Does your medical school have a conflict of interest curriculum for medical students, residents, and/or faculty? If so, please indicate to whom the curriculum is offered or required?

Curriculum is offered to students by the medical school. COI training is part of residency program responsibility all of which are under the aegis of the sponsoring institutions (the hospitals)

Is the medical school curriculum either offered OR required for medical students, residents, and/or faculty?

COI s taught as part of a two year bioethics curriculum in the Medical School.

COI is part of the residency curriculum at the sponsoring hospitals.

Faculty complete a COI module as part of their CITI training responsibility

In what form is the curriculum presented?

lectures with slides, on-line

Additional comments submitted:

Please note that since Albert Einstein college of medicine does not own or operate the hospitals, we use hospital policy to deal with COI issues that pertain specifically to the clinical environment. These include Vendor relationships and CME. The pertinent Montefiore policies are attached. Note that the policy on Student Stipends and awards was adopted in 2015 and was submitted to AMSA at that time. It has been incorporated into the updated, 2015 comprehensive policy document, which is attached as well.
