

**Do your conflict of interest policies apply to students, residents, and faculty while they rotate/work at outside hospitals/clinics?**

Yes; apply as specified in policy (see [REDACTED] Policy A-89 and [REDACTED] Policy RP06).

**Do the policies also apply to private clinician offices that trainees may rotate through?**

Yes; apply as specified in policy (see [REDACTED] Policy A-89 and [REDACTED] Policy RP06).

**Does your medical school have a conflict of interest curriculum for medical students, residents, and/or faculty?**

There is a COI curriculum required for faculty, and all students/residents involved in [REDACTED] research, completed as part of their requirement for significant financial interest disclosure (see [REDACTED] Policy [REDACTED] and uploaded training document). There is a COI curriculum required for medical students as part of year 2 course "Medical Ethics and Professionalism" (see uploaded course materials) and additional COI curriculum required for MD/PhD students as part of course "Biomedical Research Ethics" (see uploaded course materials).

**Is the medical school curriculum either offered OR required for medical students, residents, and/or faculty?**

There is a COI curriculum required for faculty, and all students/residents involved in [REDACTED] research, completed as part of their disclosure requirement (see [REDACTED] Policy RP06 and uploaded PDF "Disclosure and Management of Significant Financial Interests at [REDACTED] Training"). There is a COI curriculum required for medical students as part of year 2 course "Medical Ethics and Professionalism" (see uploaded course materials) and additional COI curriculum required for MD/PhD students as part of course "Biomedical Research Ethics" (see uploaded course materials).

**In what form is the curriculum presented?**

All faculty, and all students/residents involved in [REDACTED] research: required online reading with learning objectives (see uploaded PDF). There are optional/offered live lectures and online presentations.

All medical students: plenary lecture, required readings, small group discussions (see uploaded materials).

MD/PhD students: lecture, discussion, case analysis (see uploaded materials).
