

Do your conflict of interest policies apply to students, residents, and faculty while they rotate/work at outside hospitals/clinics?

The policy applies to students, residents, and faculty while they rotate/work at outside hospitals/clinics. There are provisions in the policy regarding [REDACTED] space and non-[REDACTED] space.

Do the policies also apply to private clinician offices that trainees may rotate through?

The policy travels with the trainees (i.e., they must follow the [REDACTED] policies regardless on campus or in non-[REDACTED] space)

Does your medical school have a conflict of interest curriculum for medical students, residents, and/or faculty? If so, please indicate to whom the curriculum is offered or required?

Med students in foundational years (year one) have a required session on COI and the pharmaceutical industry.

Additionally, anyone listed as an investigator on projects that follow the NIH financial conflict of interest regulations, must complete conflict of interests training.

Is the medical school curriculum either offered OR required for medical students, residents, and/or faculty?

Med students in foundational years (year one) have a required session on COI and the pharmaceutical industry.

In what form is the curriculum presented?

There is a panel discussion with speakers.

There is also a required on-line module on research ethics that covers some aspects of COI and the pharmaceutical industry.

Additional comments submitted:

[REDACTED] has its own policies regarding conflicts & drug samples which [REDACTED] employees in those spaces must abide those prohibitions and restrictions.
